

“I wanted take time to express my appreciation for the members of your staff that helped with the creation of Halo's website, logo, and brand. They have all worked diligently to get the website up and running; and I want to especially thank Jared Allardyce for his hard work and dedication that made us and our Web site the talk of the offshore industry. He used his skills to convey to our customers exactly what Halo stands for, "LIFE FIRST."

**Ken Ragusa, President/Owner**
